

AHMED FARID ZAHIDI

Physics · Mathematics · Data Science — IISER Thiruvananthapuram

ta8564280@gmail.com | Kolkata, West Bengal, India | github.com/theafz | linkedin.com/in/ahmedfaridzahidi

PROFILE

Second-year BS-MS Dual Degree student at IISER Thiruvananthapuram, majoring across Physics, Mathematics, and Data Science. Undergraduate researcher with a focus on theoretical physics, applied mathematics, and scientific computing, aiming toward interdisciplinary research spanning AI and the physical sciences. Comfortable moving between rigorous coursework, independent coding projects, and public-facing scientific communication.

EDUCATION

IISER Thiruvananthapuram (2024 – Present)

BS-MS Dual Degree · Physics, Mathematics & Data Science

- Currently in second year; undergraduate researcher alongside coursework.
- Core coursework spans electrodynamics, quantum mechanics, applied mathematics, and data science.

Higher Secondary Education (2019-2024)

Physics, Chemistry, Mathematics & Computer Science

- Cleared JEE Main, JEE Advanced, WBJEE, IAT, and CUET across the admissions cycle.
- Strong performance in Class XII board examinations.

EXPERIENCE

E-commerce & Assistant Editor — Goodword Books (June 2025 – Present)

- Managed e-commerce listings and catalogue operations alongside editorial assistant duties.
- Supported day-to-day publishing workflow across digital and editorial functions.

Content Creator & Video Editor (April 2022 – Present)

- Produced and edited digital video content, including full solo production work.
- Handled shooting, cutting, grading, and motion graphics end-to-end on select projects.

Volunteer, Dawah Activities — CPS International (January 2024 – Present)

- Participate in outreach and Dawah initiatives, including distribution drives at public events such as the International Kolkata Book Fair.

PROJECTS

Atmosphere — Next-Gen Weather Engine (theafz.github.io/atmosphere-weather-engine)

Personal Project · JavaScript, OpenWeather API

- Built a live weather lookup web app returning real-time temperature, humidity, wind velocity, and Air Quality Index.
- First independent coding project, built during first-year summer break.

Science Expo — Full Production Reel (College Science Expo)

Solo Video Production · Adobe Premiere Pro

- Shot, edited, graded, and motion-graphed the complete promotional video for the college science expo, solo.

SKILLS

Languages & Tools Python · LaTeX · JavaScript · Three.js · MediaPipe

Domains Scientific Computing · Machine Learning Fundamentals · Computer Vision

Communication Scientific Communication · Technical Writing · Educational Research · Video Editing

Languages Spoken English · Hindi · Urdu · Punjabi · Bengali

ACHIEVEMENTS

- Cleared five national and state-level entrance examinations: JEE Main, JEE Advanced, WBJEE, IAT, and CUET.
- Rebuilt exam preparation from scratch after an initial unsuccessful JEE attempt, clearing all five exams on the following cycle.
